

THE BAKER STREET IRREGULARS

Murder & Mystery evenings have, over the last few years, developed into a set piece format with one or two character actors, and guests trying to work out who killed whom. With a view to providing something new "The Entertainment Company" has developed the ultimate murder & mystery event.

Guests are given the opportunity to test their powers of deduction by solving cases of the world's greatest detective, Sherlock Holmes ! We have a variety of cases detailing some of the most dastardly crimes ever investigated.

From their initial introduction, during cocktails, to the theme of the night and details of the crime, guests will have the duration of the meal to discuss, investigate and solve their particular case.

The host for the evening will provide all the necessary requirements, from street maps of old London (circa 1880) to transcripts of suspect's interviews. He may even throw in the odd red herring to any team getting too far ahead of the others.

Points are awarded to the team whose theories match those of Sherlock Holmes. Solve the crime and be accepted as a member of that exclusive group, "The Baker Street Irregulars", with a certificate to prove it.
